

Bowlegs Public Schools

After carefully considering the rise in numbers of Covid cases in our local community, I have decided to move in-person instruction back to January 11th. We will begin online learning on January 5th. Hopefully this will allow time for recovery of any potential exposures during the break and lesson risk of positive cases here at school when we return to in-person learning. Teachers will be at school starting next week as originally planned and be available to help with daily instruction either by phone or on Google Classroom. We will run bus routes on Wednesday and be stopping at all regular stops in order to pick-up any 1st semester packets that have not been turned in and drop-off packets for the new semester to those on the packet system. We will also be dropping off meals for the entire week at each stop. Bus routes will start 2 hours later than normal and we will work our way through each stop. It may take us a little longer to make each stop, so please be patient. We will only do this on Wednesday, January 6th, so please be watching for us to come by. We are working as hard as we can to serve you and your children. Thank you for your patience in this matter.
